Let's All Send UNICEF Cards And Gifts This Holiday Season

Every year, UNICEF cards give twice... to those you love, and to UNICEF's children in developing countries by helping to provide clean water, health care, education and proper nutrition. The card I am holding is by artist Kathleen Morris, "Cathedral Street, Montreal", one of the many Canadian artists featured in this year's collection.

I know the tremendous difference UNICEF makes in the lives of children. Please join me in helping UNICEF Canada reach its fundraising goal this holiday season. Please send UNICEF cards and gifts to your friends, family and colleagues.

Where children are in need around the world, UNICEF is there.

Thank you,
